WE direct attention to our Owyhee correspondence this week-it is full, reliable and

GOOD PLACE TO LIQUOR UP .- E. K. Shed one of the most experienced and popular ple, San Francisco, has charge of the retail department of Geo. C. Merritt's establishment, on Man street, next door to the Montana House, and is serving out liquors that would tickle the palate of an epicure.

Should you ask us how we know it. How we found it out to blow it-We should answer, we should tell you: We have tasted of the liquor.

SHIPMENT OF QUARTZ .- Mr. Williams, agent of the Great Consolidated Boise River Gold and Silver Mining Company, shipped last week to the Company at San Francisco, one ton (2000 lbs.) of gold and silver-bearing quartz, from the Landon lode, of an average quality. The pack-train of Herr & Co. z took the rock from this city for Umatilla, on the 30th ult. This is the largest and most important shipment of rock as yet from Boise Basin, and will be very apt to cause some of the San Franciscans to have an attack of last seen was crawling behind some rocks. " quartz on the brain,"

the week the Sheriff and Jailors, becoming convinced that there was some mystery going through a portion of his neck, one in his side and another through the groin, as he was on in the county jail, concluded to examine the irons on the prisoners. They all appeared to be fast and solid, but in order to satisfy himself fully, Depaty Underwood sent for a some ten miles east of Queen's river, on the blacksmith and had one of the river pin blacksmith and had one of the rivet pins known to have escaped. The instrument used in sawing the rivet has not been discovered; it must have been a watch-spring or something quite as thin, or would not have gone into the joint of the shackle.

OWYHEE AGAIN .- "Old Squib " writes us from Ruby city, under date of May 28th, an interesting letter, but it arrived after the letter of "Owyhee" was put in type, and relates principally to the same subject matter. We give the following extracts from "Old Squib's" letter: The Pony Express has made two successful trips from Humboldt to Ruby city, bringing San Francisco papers only 7 days old. They intend to bring Sacramento of a scene in the streets of Ruby city, daily to be witnessed: "Whips popping, hammers knocking, planes planing, saws sawing, augurs boring, anvils ringing, miners singing horses running (with fellows on 'em), and bull-drivers swearing." THEATRICAL

Since our last issue several changes have taken place in the theatrical world. G. B. Waldron, the popular Pertland and San Francisco manager and actor, arrived on Saturday, with Mrs. Waldron, E. Potter and the Robinsons have an established reputation and status that it were idle to comment on; they are too well known to require any extended notice, Smith is always good, dug up two thousand dollars in double and perfect in his parts. The statement is an accurate account of their business for seven days, and is not over an accurate. business for seven days, and is not over an average week. The claims are well opened, and worked to advantage by men who understand their business:
